You are called to make things happen

My Beloved,

This month, the LORD has placed a stirring in my spirit: it's not enough to simply have faith; we must be willing to put it to work. The theme He gave me is **"Making Things Happen."**

This isn't about human striving, but about aligning our will with GOD'S and becoming conduits of His power on Earth. Faith without works is indeed idle. (James 2:26).

The Leadership Summit was more than an event; it was a launchpad. We didn't just talk about leadership; we equipped saints to make things happen in their churches, communities, and families. The energy was electric because GOD was activating destinies.

And you are part of the story.
The momentum doesn't end when the event does. I want to see what you're making happen.
